OHIO SENATE BILL 56

Override the Veto.
Save Our Seltzers.
Save Our Jobs. Save Ohio.

Governor DeWine line-item vetoed 15 pages of SB 56 — killing the THC beverage provisions the legislature passed with bipartisan support.

The votes to override exist. Leadership just needs to bring it to the floor.

What Happened?

Ohio lawmakers passed Senate Bill 56 with strong bipartisan support — creating clear rules for low-dose THC beverages: strict manufacturing oversight, sales only to adults 21+, and distribution limited to licensed establishments. But Governor DeWine used a line-item veto to strip all beverage provisions from the bill. Now the only way to restore what lawmakers approved is for legislative leaders to bring an override vote to the floor.
